

# 10 APPS TEENS ARE USING THAT PARENTS NEED TO KNOW

**Calculator%**  
This app looks like a calculator but functions like a secret photo vault.

**Omegle**  
A free online chat website that promotes chatting anonymously to strangers.

**Snapchat**  
This is the way most teens communicate with each other. Sending messages and snaps that disappear within seconds and stories go away after 24 hours. Teens live for a "streak" of communication.

**Whisper**  
An anonymous app where the creators promote sharing secrets and meeting new people.

**Ask.fm**  
Ask an anonymous question and get an answer. This app has been linked to the most severe forms of cyberbullying.

**Hot or Not**  
Strangers rate your profile. Goal is to lead to a hook up.

**Burn Book**  
Post anonymous rumors about people through audio messages, texts, and photos.

**Wishbone**  
An app that allows users to compare kids against each other and rate them on a scale.

**Kik**  
Messaging app. Kik has built in apps and web content that would be filtered on home computer.

**Instagram**  
Many kids are now creating fake accounts "finsta" to hide content from parents. Kids also like to text using Instagram because most kids know parents won't check messages.
